<p><b>Question 1:</b> <i>The JRA supports the construction of Dunns Creek Road from the Monaro Hwy to Cooma Road to be completed before the 7<sup>th</sup> year of the Googong town development.</i> <b>Would you act &amp; vote in a manner to help ensure Dunns Creek Road is developed as a condition of any future development of Googong.</b></p>	<p><b>YES, I agree.</b> I would vote to support this.</p> <p style="text-align: center;">X</p>	<p><b>No, I disagree with this proposal.</b></p>	<p><b>Sorry, I would have a conflict of interest.</b></p>
<p><b>How would you help achieve this?</b></p> <p>I support Dunn's creek Rd. We must wait for the Ministers decision who asked for it to be included in the traffic plan... I believe the developers will be reticent to add the Dunns creek road to their plan but it is going to be necessary for the traffic from the Googong town development. I support any proposal which does not make Jerrabomberra the by-pass for Queanbeyan. .</p>			

<p><b>Question 2:</b> <i>The JRA supports Edwin Land Parkway remaining as a community road only, not a 4 lane Queanbeyan bypass. Jerrabomberra must not become a by-pass for Queanbeyan.</i> <b>Would you act &amp; vote in a manner to ensure our suburb does not become a bypass for Queanbeyan or the main road to Googong from the Monaro Hwy?</b></p>	<p><b>YES, I agree.</b> I would vote to support this.</p> <p style="text-align: center;">X</p>	<p><b>No, I disagree with this proposal.</b></p>	<p><b>Sorry, I would have a conflict of interest.</b></p>
<p><b>How would you help achieve this?</b></p> <p>It makes it difficult when the parkway has been on the plans for many years; we all knew it was going to happen. I am very concerned at the speeds at which motorists and motor cyclists do on this part of the completed road, I am concerned that it will continue to be a speedway and splitting the community in two in such a dangerous manner is a real worry. I agree as above that Dunns creek road or any proposal to support not splitting the community would be the perfect answer. And I would fully support a sensible solution.</p>			

<p><b>Question 3:</b> <i>The JRA supports the development of additional community &amp; educational facilities, including a proposed high school to be developed within the Jerrabomberra Valley.</i> <b>Would you act &amp; vote in a manner to ensure these facilities are developed?</b></p>	<p><b>YES, I agree.</b> I would vote to support this</p> <p style="text-align: center;">X.</p>	<p><b>No, I disagree with this proposal.</b></p>	<p><b>Sorry, I would have a conflict of interest.</b></p>
<p><b>How would you help achieve this?</b></p> <p>I definitely support a High School in our community. It is important for our children to continue to be part of the community and for that to happen we need a High school to compliment our excellent primary school. The children of our community are the heart and soul of this community as they are in any community.</p>			

<p><b>Question 4:</b>  <i>The JRA supports the development of a major district sporting centre and community facility. Including an indoor aquatic centre, athletics facilities and additional sports fields etc. to be developed in the Poplars area, Jerrabomberra Valley for the benefit of all in Queanbeyan.</i>  <b>Would you act &amp; vote in a manner to ensure these new sporting and community facilities are developed?</b></p>	<p><b>YES, I agree.</b>  I would vote to support this.</p> <p>X</p>	<p><b>No, I disagree with this proposal.</b></p>	<p><b>Sorry, I would have a conflict of interest.</b></p>
<p><b>How would you help achieve this?</b></p> <p><b>I have been active in trying to get an Aquatic centre in our community and I totally support a Regional sporting facility which includes the Aquatic precinct. A Regional sporting complex will be a wonderful community facility for all our community I supported the original motion by the Deputy Mayor Ann Rocca some years ago. Funds are being put away for this complex to become a reality, all we need is for a land to be dedicated for this very important community need. I also have supported the heating of the toddlers pool in the Queanbeyan Aquatic centre a proposal bought by Margot to the committee, at my suggestion solar heating may well be a viable option for this with added benefits to the main pool.</b></p>			

<p><b>Question 5:</b>  <i>The JRA supports an 11pm-6am curfew of Canberra Airport and is opposed to a 24 hour airport freight hub.</i>  <b>Would you act &amp; vote in a manner to help secure a curfew?</b></p>	<p><b>YES, I agree.</b>  I would vote to support this.</p>	<p><b>No I disagree with this proposal.</b></p>	<p><b>Sorry, I would have a conflict of interest.</b></p>
<p><b>How would you help achieve this?</b></p> <p><b>A curfew is a must for everyone not only the Jerrabomberra community but the ACT community as well. It is not an option to have planes flying 24/7 and the ACT community need to be as involved as our community to stop it from happening.</b></p>	<p>X</p>
